COMPANY BIO

American Warrior Enterprises is the best-equipped Service-Disabled Veteran-Owned Small Business warfighter vehicle readiness, reset, repair and refurbishing firm in the country, including complete metal fabrication capability. Our mission partners rely on us for accurate, timely completion with Warfighter Vehicle Readiness, Reset, Repair and Refurbishing, including precision, tight-tolerance metal fabrication for hard-to-come-by components like fixtures, panels and armor plate. We can even fabricate and process up to 18-inches thick armor steel.

And we deliver. Every project. Every mission. Every day.

CORE COMPETENCIES

WARFIGHTER VEHICLE READINESS & REFURBISHMENT

Repair, reset, and refurbishment of military vehicles; precision metal fabrication; armor steel processing up to 18 inches.

- ★ **Media Blasting & Surface Prep:** Advanced onsite facility for high-efficiency, milspec/commercial surface finishing.
- ★ **CARC Painting & Coating:** State-of-the-art painting/coating with multiple booths; specialized milspec/commercial applications.
- ★ **Fabrication & Manufacturing:** Precision production, assembly, coating, and manufacturing; flexible short-run or full-scale production lines.
- ★ **Commercial Products:** Aluminum universal transport carts; high capacity, lightweight, field-serviceable, and warranty-backed.
- ★ **Operational Flexibility:** Rapid scalability; responsive, high-quality, mission-ready execution.
